EXPERIENCE

Parts Manager, Assistant Manager, Advisor, Driver - Stouffville Chrysler
May 2016 - April 2022
- Learn in an environment where there are no formal teaching tools in place
- Communicate with a variety of groups including customers, techs and other managers
- Implement new solutions and processes to improve efficiency and customer experience
- Oversee a fast-paced environment, ensuring orders are filled as quickly as possible to minimize downtime and maximize turnover

Previous roles include Bartender, Business Owner, Financial Planner, Farmer, Locksmith, and more, where I have learned an amazing array of skills that I leverage everyday.

CASUAL RELATED EXPERIENCE

Python Coders/The Faceless Many/The Sherwood Project - *Community Manager*
Teach, manage, moderate, advise and more, in the wild west of Web3.
